2. Visit to farm for produce, tomatoes, green chilies:

- A. Try to park 8 ft apart to maintain 6 ft social distancing getting in and out of vehicle.
- B. Read policies posted before entering.
- C. Order (green chilies) at south garage door - **entry only door.**
 - a. After order is taken you will be given shopping gloves and continue your shopping for other produce or items.
- D. May use shopping basket if wearing the gloves. Sack your own produce and keep track of the numbers - everything sold by the quantity and not weight this year.
- E. **Advance at marked by green arrows. Stop at the red X.**
- F. Follow green arrow for advancing or "side detours" to use ATM or shop other produce.
 - a. Re-enter flow of customers with respect for each other.
- G. May ask for assistance to purchase gift items you see as you go through the line or jams, jellies and honey.
 - a. Gift items displayed above or north wall will be numbered. To purchase you need to give cashier number and purchase and return at least a day later for pick up as it can't be taken down until closing time.
 - b. If you saw a gift item and passed it up the first time, you may re-enter and go thru line again.
- H. Give cashier the chile order if you made one and tell cashier how many of the produce items you have (ie. 6 tomatoes).
- I. Proceed out the north door. Leave shopping basket on gray counter on way out. If you ordered chilies, wait outside under shelter and observe responsible social distancing and just move if someone gets too close.
